

Board Meeting 3/24/2014

Attendees:

Richard Johnson, Ed Hinton, Bruce Keen, Tim Blackwell, Lary Smith, Bobby Donnell, Riley Osborn

Outing committee published the combination to the gate at Osage Hills to the Google group. That may become an issue if there is a break in at the park. There seems to be a lack of communication for the outing. Is lunch being provided? Is anyone camping? It may be a little windy for part of the day on Saturday.

Lary will be getting paperwork from Osage Hills State Park for our May club picnic. He will probably pay the rental fee and the club will reimburse him. The club should provide the meat and some beverages.

The park has asked us about putting on a one day fly fishing seminar. The board thought it would something we should do. We would need tiers and casting instructors.

We Mar 26th is the day with the Dewey Mid High eighth grade boys. Bruce and Ivan will handle casting with Richard Cain, Larry Johnson, Ed Hinton, and Riley Osborn doing the tying group. Larry Johnson currently has the club vices and tying kits. We should probably have some tying kits in the supply boxes if we have any left over from previous schools.

Bruce said he has not heard anything new on stickers. (later emails are mentioned in the club minutes)

For the picnic on May 3rd, it will be pot luck for side dishes and desserts with the club providing the meat, some beverages and ice. We will check on the park regulations about alcohol. Lunch will be on your own and dinner will be the club event. We still plan to have the casting contest and possibly a raffle or auction.

We need to find a coordinator for the club Christmas dinner that we hope to have at Hillcrest sometime in early Dec (5th, 6th, 12th, or 13th)

The club projector will be managed by the vice president. Lary Smith now had the projector, case, and a DVD player.

Lary is still working on a speaker for the April meeting.

Minutes submitted by Riley Osborn
